

Micro Swiss Brass Plated Wear Resistant Nozzle for FlowTech™ Hotend (0.2mm)

Part Number: M3001-02

Made in USA by Microswiss LLC

The FlowTech nozzle is designed to be a leak proof and offers an effortless and quick nozzle replacement process.

FlowTech design seamlessly integrates the thermal tube with the nozzle, effectively resolving the most prevalent challenges encountered with conventional hotends: nozzle leaks and nozzle replacement inconvenience.

Features:

Cold Nozzle Change

Leak-proof design

HighFlow

Made in USA by Micro Swiss

Fits:

- FlowTech™ Hotend for Creality K1 / K1 Max / K1C (M3101)
- FlowTech™ Hotend for Creality CR-10 SE (M3102)
- FlowTech™ Hotend for Creality Ender 3 V3 KE (M3103)
- FlowTech™ Hotend for Creality Ender 3 V3 SE (M3105)
- FlowTech™ Hotend for Creality Ender 3 V3 (M3106)
- FlowTech™ Hotend for Hotend for Elegoo Neptune 4 / 4 Pro (M3107)
- FlowTech™ Hotend for Hotend for Elegoo Neptune 4 Plus/ 4 Max (M3108)
